Srđan Đurović has more than 20 years of experience in working with the progressive civil society in Serbia. He has worked for the largest private donor in Serbia –Open Society Foundation for over 15 years as Program manager, designing and managing programs of support for civil society actors in areas related to democracy building, effective institutions, Europeanization and public policies. Job descriptions included strategic programming, project portfolio management and evaluation, as well as engaging in high level international advocacy jointly with Open Society Foundations network colleagues, spanning more than 50 countries. He has been a member of different civil society networks and held positions in various civil society and state cooperation bodies including National Convention on the EU.

He has a thorough knowledge and experience in democratic transition and democratic consolidation efforts in post-socialist societies as well as the European integration process. He was Director of the Center for Applied European Studies, independent think-tank based in Belgrade, mainly conducting public policy research in the area of European integration of Serbia and Europeanization of public policies. He specialized in applied and public policy research, research methodologies and public advocacy in areas related to democracy, institution building and social justice. He has designed and lead over a dozen research projects, targeting areas related to democratization and Europeanization of Serbia and is the author/editor on several publications, policy papers as well as academic articles. He has been a member of UN Virtual Network for 2030 Sustainable Development Goals. He has presented on number of conferences, seminars, summer schools and academic conferences and engaged. He is a debate trainer and strategic planning coach.
